Subject: Local Cross Check Operation

Good morning all,

We will be conducting (b)(7)(E) next month. The goal is to have a local operation quarterly, not counting the (b)(7)(E). That being said, the goal date for this upcoming op is from Sunday, February 12th through Wednesday, the 15th (tentatively). This will be a "Public Safety" operation; we will be targeting crimes of violence cases (i.e. ADW, domestic violence, etc.). Each field team within LAFO will provide 15 targets for a total of 150 cases. Please pass down to your respective staff so they can begin working and inputting all targets on the attached spreadsheet.

Please have all teams submit their spreadsheets to the (b)(7)(E)

(b)(6);(b)(7)(C) or consolidation **NLT COB on Friday, February 3, 2017.**

Below are the teams I have participating:

Hi (b)(6);(b)(7)(C)

The embassy of El Salvador called to inform ICE that their Foreign Minister will be speaking with the media in San Salvador this afternoon regarding reported ICE enforcement activity in Southern California that they've seen in the media. They asked if El Salvadorans were arrested pursuant to these action and if so how many? Can you please check with OPA and Field Ops to see if they have similar requests and if not to ask for the info?

REPORTS OF "RAIDS" BY ICE PROMPT PROTESTS IN LOS ANGELES. The Los Angeles Times (2/9, Rubin, Vives, Winton, 4.52M) reports that arrests by "federal immigration officials" in Southern California over the course of the week have "heightened anxiety about a promised crackdown by President Trump on people in this country illegally" and "sparked a protest in downtown Los Angeles on Thursday evening, with immigration advocates claiming that about 100 people had been taken into custody" However, "immigration officials disputed those numbers and said the arrests were part of routine activities, not tied to any new crackdown." The Long Beach (CA) Press-Telegram (2/9, Gazzar, 163K) reports that "civil rights groups said Thursday they had been alerted by 'credible sources,' including attorneys, that immigration 'sweeps' are taking place in the greater Los Angeles area."

The Ventura County (CA) Star (2/10, Diskin, 163K) reports that in addition to the protests, the reports of "raids" prompted state Sen. Tony Mendoza to call on ICE to "publicly address the nature of these raids." In a statement, ICE spokeswoman Virginia Kice "said such operations are based on leads received by the agency and are targeted at individuals who pose a risk to the community."

KCAL-TV Los Angeles (2/9, 130K) says that the protesters "blocked the on-ramp to the southbound 101 Freeway at Aliso and Los Angeles streets for a chunk of the evening commute. For several hours the protest remained mostly peaceful." KABC-TV Los Angeles (2/9, 630K) reports that the "group held a vigil at the downtown office of Immigration and Customs Enforcement on Alameda Street. After the event, about 100-150 people moved to the area of Aliso and Los Angeles streets and was blocking the entrance to the southbound 101."

The Los Angeles Daily Breeze (2/9, Gazzar, 202K) and the Los Cerritos (CA) Community News (2/9, 102K) provide additional coverage.

KNBC-TV Los Angeles (2/10, 159K) broadcast this story.

Leading the News:

SECRETARY KELLY TOURS ARIZONA-MEXICO BORDER. The Arizona Republic (2/9, 1.1M) reports Secretary Kelly and Arizona Governor Doug Ducey toured the Arizona-Mexico border on Thursday and then finished the visit with a “meeting with local law enforcement agencies.” Four Arizona border sheriffs who were at the meeting “said they talked extensively with Kelly, not just about the proposed border wall along the U.S.-Mexico border, but also about the needs and resources their departments need to continue doing their jobs and helping to keep the border safe.” Pima County Sheriff Mark Napier said, “I think the bottom line is we finally have a receptive ear, of someone who is taking notes, very engaged, very willing to listen to us. ... This is the beginning of a sustained effort to listen to the border sheriffs, to listen to criminal justice experts to better address public safety problems surrounding the border.” KVOA-TV Tucson, AZ (2/9, 23K) reports Kelly and Ducey “spent six hours along the border.” The tour “ended at Border Patrol Headquarters,” where they spoke to the local law enforcement officials. Kelly is quoted as saying, “We have a federal job to do on the border. I couldn’t imagine doing it without talking to men like you.” The Arizona Daily Star (2/9, 270K) reports Kelly “did not take questions from the press, but Cochise County Sheriff Mark Dannels said the discussion with Kelly was ‘refreshing.’” The discussion focused on “border security and law enforcement, not immigration policies,” according to Dannels.

The San Diego Union-Tribune (2/9, 496K) reports Kelly will travel to San Diego and to the San Ysidro Port of Entry on Friday. The Union-Tribune points out that ICE and CBP union employees took prior complaints about “policies they say prohibited them from aggressively enforcing immigration laws” public in 2015 during a demonstration outside the ICE ERO office in downtown San Diego. The Union-Tribune notes that Kelly “could hear those employee complaints at his border meetings this week.”

The AP (2/9) also reports on Kelly’s visit to the border, and KTAR-FM Glendale, AZ (2/9, 34K) carries the AP story as well.

NPR INTERVIEWS SECRETARY KELLY. NPR (2/9, 1.92M) interviewed Secretary Kelly about his congressional committee testimony on Tuesday regarding the President’s recent immigration orders, “what he would do differently and his belief that tightening the borders doesn’t mean changing who we are.” On the executive order, Kelly said the “reason we’re doing this is to just really take a pause, take a hard look at how we vet people overseas.” He reiterated that, in hindsight, he should have taken more time to “rollout” the executive order, and should have notified “select members of Congress” and the press before implementing the order. He spoke about a policy developed jointly with the White House to better implement orders going forward. He also spoke about DHS’ consideration of asking visa and refugee applicants for a “list of websites that they visit and the passwords to get on those websites.” He said it “all comes down to the confidence we have in the individual we’re talking to is a person who is coming to the United States for the right reasons.” He added that the “great success of our country has been people from diverse backgrounds coming to the United States and becoming Americans.” On securing the border, Kelly said DHS is currently in the “evaluations” stage, talking to the “great men and women” of CBP, and “deciding where to put it immediately given financing” and “construction capability.”

SECRETARY KELLY: DHS TAKING TIME TO DETERMINE SANCTUARY JURISDICTIONS. The Tampa Bay (FL) Times (2/9, 785K) reports Secretary Kelly attended the Major County Sheriff’s Association conference in Washington on Wednesday. Pinellas County, Florida Sheriff Bob Gualtieri “said Wednesday he feels confident the county will not

be categorized by the federal government as a sanctuary to undocumented immigrants following a discussion with Department of Homeland Security Secretary John Kelly.” Kelly said during the meeting that he and DHS would take their time and “put a process in place to determine what constitutes a so-called sanctuary jurisdiction, according to Gualtieri.”

Operational News:

NEW BORDER TASK FORCE REVEALED. The Port Huron (MI) Times Herald (2/9, Hayden, 110K) reports a Border Enforcement Security Task Force “targeting the illegal smuggling of drugs, humans, currency and weapons along the U.S.-Canada border” – which was launched in Port Huron, Michigan in mid-October – was just announced to the public. US . Immigration and Customs Enforcement spokesman Khaalid Walls “said a task force is the most effective way to address a broad range of criminal activity.” Walls added, “We formed the task force now just as an opportunity to really synchronize and use the different resources, authorities and talent of the many participating agencies.”

CALIFORNIA MAN PLEADS GUILTY IN MILLION-DOLLAR VISA FRAUD SCHEME. The My News LA (CA) (2/9) reports 53-year-old Hee Sun “Leo” Shim of Beverly Hills, California pleaded guilty Thursday to a scheme in which he “collect[ed] millions of dollars from foreigners who came to the United States on student visas but never studied.” He was charged with “felony counts of conspiracy and visa fraud.” The article says that in the investigation, “HSI special agents identified several dozen foreign nationals, primarily from South Korea and China, who originally entered the country as non-immigrant students to attend other authorized schools, but subsequently transferred to schools in the Prodee network.” However, these students admitted “they were not actually attending classes at Prodee or the other schools.”

IRS ATTORNEY ARRESTED ON METH CHARGES. The Georgetown Voice (2/9, Telerski, 305) reports Georgetown Law School adjunct professor Jack Vitayanon, an “attorney in the IRS Office of Professional Responsibility, was arrested and charged for conspiracy with others to distribute at least 500 grams of methamphetamine.” Homeland Security Investigations agents seized 460 grams of methamphetamine Vitayanon was sending to a contact on Long Island, New York, who, according to a compliant by HSI special agent John Lattuca, “agreed to cooperate with HSI in order to further its investigation of Vitayanon and his supplier.”

NEW YORK MAN INDICTED IN FLORIDA FOR SMUGGLING \$10M IN COCAINE IN AVOCADO SHIPMENT. The Miami Herald (2/9, Neal, 856K) reports New York man Siffredo Gonzalez has been indicated in Broward County, Florida for “conspiracy to possess a controlled substance with intent to distribute and attempting to possess a controlled substance with intent to distribute,” which the Herald says could get him 10 years to life per count in the indictment. Gonzalez allegedly sought to pay off a supervisor with the shipping company that discovered \$10 million in cocaine in a shipment of avocados from the Dominican Republic. He was arrested following an undercover sting at the warehouse involving HSI.

MICHIGAN POLICE SEIZE MARIJUANA PLANTS, PROCESSED MARIJUANA IN HOUSE RAIDS. MLive (MI) (2/9, 878K) reports North Michigan police executed four search warrants this week, seizing “hundreds of marijuana plants and more than 60 pounds of processed marijuana.” In connection with the seizures, 23-year-old Callie McLeod and 20-year-old Makenzie McLeod were arrested on “felony manufacturing marijuana charges in

connection to the property on South 13 Mile Road, police said.” HSI and Customs and Border Patrol assisted in the searches and investigation.

SIX ARRESTED IN CREDIT CARD SKIMMING DEVICE SCHEME IN TEXAS.

KOSA-TV Odessa, TX (2/9, 252) reports six Cubans in Odessa, Texas were arrested on Thursday for an “alleged credit card skimming device scheme.” The names and ages of the six are provided in the article. They have been charged with “one count of access device fraud and one count of aggravated identity theft” each. HSI assisted in the investigation.

DHS ARRESTS 26 SUSPECTED ILLEGAL IMMIGRANTS IN SAVANNAH, GEORGIA AREA. WBTV-TV Charlotte, NC (2/9, 214K) reports the Department of Homeland Security arrested 26 suspected illegal immigrants in the metro-Savannah, Georgia area. The arrests were part of a coordinated sweep made with the assistance of local law enforcement.

Five Reportedly Arrested By ICE In Austin. The Texas Observer (2/10, Parker, 252) reports that after several days of “rumors” that “federal immigration agents were planning to conduct raids in Austin, advocates said as many as five were detained Thursday.” A local “organizer” said that the individuals were “ nabbed in separate, targeted arrests, likely as part of the Trump administration’s immigration enforcement efforts.”

ICE Arrests Florida Grocery Store Manager. The Apalachicola (FL) Times (2/9, 24K) reports 40-year-old Piggly-Wiggly manager and long-time Apalachicola resident Jose Francisco “Pancho” Grijalva Monroy was picked up by ICE on a prior Friday morning. The Times says that talk quickly spread that Grijalva Monroy was caught up in a “large sweep through Gulf and Franklin counties, targeted at workplaces where undocumented aliens are suspected to be working.” ICE spokeswoman Tammy Spicer, however, said “we have not had increased immigration law enforcement activities in the Franklin County area. There’s been no activity of that nature, nothing out of the norm.”

VIRGINIA MAN GETS 16 YEARS FOR RAPE OF CHILD UNCOVERED DURING CHILD PORN INVESTIGATION. The Hampton Roads (VA) Virginian-Pilot (2/9, 302K) reports 30-year-old Bruce Lee Scott of Virginia Beach, Virginia was sentenced to 16 years on Thursday and is still facing six additional charges, in connection to an child porn investigation that uncovered “sexual contact between a convicted sex offender and a young girl, according to court documents.” The article notes he was charged “with rape of a child under 13 and two counts of sodomy.” Scott confessed to downloading child porn and sharing “sexually explicit notes with a 12-year-old girl” to HSI agents.

MAN PLEADS GUILTY TO CHILD ENDANGERMENT. KTVH-TV Helena, MT (2/9, Carlson, 279) reports Robert Gerald Ziems, as part of an agreement, pleaded guilty to an amended charge of criminal endangerment. Homeland Security Investigators say Ziems used a “Kik” messaging account to communicate with an undercover Homeland Security Agent posing as a teen girl. Ziems allegedly tried to arrange a sexual encounter.

Policy and Issues News:

DEPORTATION OF LONGTIME ARIZONA RESIDENT TO MEXICO SPARKS PROTESTS. All three broadcast networks ran sympathetic reports on the deportation of Mexican-born Guadalupe García de Rayos, a longtime Arizona resident, with reports saying

her deportation was the result of stricter enforcement rules introduced by President Trump. ABC World News Tonight (2/9, story 7, 1:35, Muir, 14.63M) reported that “the mother of two...had been living here for decades, until the immigration check forced her to leave her children.” ABC’s Clayton Sandell reported, “Protesters gathered in Phoenix overnight, even holding the wheels on a government immigration van to stop it from taking her back to Mexico. Garcia de Rayos came to the US from Mexico illegally as a teenager, and like many undocumented workers, she used a fake social security number to get a job. That resulted in a felony conviction. She was ordered back to Mexico, but with no history of violence or other criminal recorder, was allowed to stay pending appeal.”

The CBS Evening News (2/9, story 6, 2:05, Pelley, 11.17M) reported, “One of the President’s recent orders prioritizes the deportation of illegal immigrants who have committed crimes.” CBS said Rayos was “caught by this order.” CBS’ Carter Evans: “She was arrested after reporting on Wednesday for her six-month check-in at the Phoenix immigration office. Aaron Rayos is her husband of 17-years. Do you wish now that she hadn’t gone?” Aaron Rayos: “No, she made a right decision. We are good citizens and she was a good citizen. And good citizens decide to show up.” On NBC Nightly News (2/9, story 6, 1:45, Holt, 16.61M), Gadi Schwartz reported that ICE said the deportation “was the result of a 2013 deportation order, and they would continue to focus on identifying and removing those with felony convictions. The family believes it’s the result of Trump’s executive order.” The Washington Post (2/9, Bump, 11.43M) reports DOJ issued a removal order for Rayos in 2013, but “she was allowed to remain in the country with the stipulation that she checked in with the Department of Homeland Security’s Immigration and Customs Enforcement every six months.” The Los Angeles Times (2/9, Duara, 4.52M) reports Garcia de Rayos’ felony conviction was due to an arrest during a “workplace raid under then-Maricopa County Sheriff Joe Arpaio.” USA Today (2/10, Ruelas, Jeong, 5.28M) recounts the workplace raid in December 2008 that led to Garcia de Rayos’ arrest.

ABC News (2/9, 3.09M) reports her family “has vowed to keep fighting for her case.” TIME (2/9, 6.98M) reports her daughter Jacqueline said, “No one should ever go through the pain of having their mom taken away from them.” CNN (2/9, Grinberg, 29.79M) reports Garcia de Rayos’ lawyer does not believe she has a good chance of returning to the US. He is quoted as saying, “Legally there are not a lot of options to come back.”

The New York Times (2/8, Santos, Subscription Publication, 13.9M) says Rayos “was arrested just days after the Trump administration broadened the definition of ‘criminal alien,’ a move that immigrants’ rights advocates say could easily apply to a majority of undocumented immigrants in the United States.” The Huffington Post (2/9, Planas, 237K) reports ICE’s “new” enforcement priorities are “so broad that they could potentially include virtually anyone living in the United States without legal residency – a major break from the Obama administration’s use of prosecutorial discretion policies that were supposed to focus the agency’s limited deportation efforts on serious criminals.” The Post says Garcia’s case “may offer a glimpse into how ICE’s actions will change under Trump.” ICE spokesperson Yasmeen Pitts O’Keefe is quoted as saying, “Ms. Garcia’s immigration case underwent review at multiple levels of the immigration court system, including the Board of Immigration Appeals, and the judges held she did not have a legal basis to remain in the U.S.. ... ICE will continue to focus on identifying and removing Individuals with felony convictions who have final orders of removal issued by the nation’s immigration courts.”

The Washington Post (2/9, Schmidt, Larimer, 11.43M) reports that ICE “confirmed the

deportation, saying in a statement” that she Rayos “was ‘removed’ to Mexico on Thursday morning, shortly before 10 a.m. local time.”

USA Today (2/10, González, Ruelas, 5.28M) reports Garcia de Rayos’ “deportation has elicited an outpouring of public sympathy, including from many elected officials.” However, “her deportation has been viewed very differently by many on social media who have praised Trump’s immigration orders and Garcia de Rayos’s deportation given she had a felony conviction for criminal impersonation.” Under the headline “Trump’s Policies At Work: ICE Deports An Immigrant Mother In The Middle Of The Night,” Vox (2/9, 1.15M) reports the case is “exactly the kind of thing we can expect more of from Trump’s administration.” Vox also says, “Expect more families to be torn apart, even if they don’t pose a real threat to anyone in the US.” The Arizona Republic (2/9, 1.1M) reports Rep. Ruben Gallego (D-AZ) called the situation a “tragedy.” Phoenix Mayor Greg Stanton called the deportation a “travesty,” and “said it shows that Trump’s deportation policies make the country less safe.”

Newsweek (2/9, Noriega, 862K) reports White House press secretary Sean Spicer “declin[ed] to answer if the president approved of the order” to remove Garcia de Rayos on Thursday. He referred further questions about the matter to ICE.

The Arizona Republic (2/9, 1.1M) reports editorializes that previous attempts at “mass deportations...didn’t end well,” and wonders if “we [have] forgotten those lessons already.” The Republic says the US is different now, because the country has “grown hard and resentful of outsiders.”

Additional coverage is provided by the New York Times (2/9, Subscription Publication, 13.9M), USA Today (2/9, Republic, 5.28M), CNN (2/9, 29.79M), NPR (2/9, 1.92M), a second story on CNN (2/9, Sanchez, Burnside, Ansari, 29.79M), KJZZ-FM Phoenix (2/9, 8K), KPHO-TV Phoenix (2/9, 96K), The Week (2/9, 1.76M), the Independent (UK) (2/9, England, 1.28M), KTAR-FM Glendale, AZ (2/9, 34K), KNXV-TV Phoenix (2/9, 212K), The Guardian (UK) (2/9, 4.07M), the New York Daily News (2/9, Elizalde, 4.45M), Reuters (2/9, Schwartz), The Hill (2/9, Savransky, 1.25M), Nogales (AZ) International (2/9, 330), KJZZ-FM Phoenix (2/9, 8K), KGUN-TV Tucson, AZ (2/10, 40K), KPNX-TV Phoenix (2/9, 5K), and Mic (2/9, 554K).

Coverage of the story on local TV was widespread and sympathetic to Garcia de Rayos and her family. Reports from KTVK-TV Phoenix (2/9, 65K), KSAZ-TV Phoenix (2/10, 15K), KRGV-TV Harlingen, TX (2/9, 25K), and KCAL-TV Los Angeles (2/10, 130K) are indicative of the coverage.

NYTimes: “‘Bad Dude’? No, But Deported Anyway.” In an editorial, the New York Times (2/10, Subscription Publication, 13.9M) says that “by no standard of common sense or decency should Guadalupe García de Rayos” – who was arrested Wednesday by ICE agents in Phoenix and deported Thursday to Mexico – “have been a priority for deportation.” President Trump, however, “persists in the absurd claim that America will be safe and great again only after an assault on ‘bad dudes’ and ‘criminal aliens,’ whom he has promised to arrest and remove by the millions. But Ms. Rayos fits no such definition and was no threat.”

Hodgson said, "We will be able to access the Immigration and Customs Enforcement database that we otherwise wouldn't have had access to and get all of the information on that person." He added, "We then send all of that information by email over to an ICE officer in our region and then he would make the determination whether or not we should write up, which our people would be qualified to do, a detainer to hold them until ICE comes to pick them up."

TRUMP VOWS TO KEEP FIGHTING FOR IMMIGRATION POLICY AFTER COURT DECLINES TO REINSTATE ORDER. A three-judge panel of the US Court of Appeals for the Ninth Circuit unanimously ruled in a 29-page decision on Thursday to reinstate President Trump’s executive order that temporarily suspends immigration from seven countries. Media coverage – including more than a combined eight minutes on the three broadcast networks – characterizes the decision as a significant defeat for the White House and highlights President Trump’s response. Reporting also describes the ruling as only the

next step in a process that is likely to end at the Supreme Court. There was little additional analysis, with the majority of coverage recapping the events that occurred prior to Thursday's ruling.

The CBS Evening News (2/9, lead story, 2:15, Pelley, 11.17M) reported that the panel "reject[ed] the Administration's arguments that it should reinstate that travel ban while the courts considered whether or not it was in fact constitutional." The New York Daily News (2/9, Edelman, 4.45M) says the ruling is "a huge victory for opponents" of Trump's order as the argument in front of the appeals court "had been the greatest legal challenge yet to the ban." Jonathan Karl reported on ABC World News Tonight (2/9, lead story, 3:45, Muir, 14.63M) that the decision "is a big setback for the White House and a decision that will outrage" Trump. The ruling, according to the Washington Post (2/9, Zapotosky, 11.43M), means that "previously barred refugees and citizens from seven Muslim-majority countries can continue entering the US."

Reuters (2/9, Levine, Rosenberg) reports that Trump's initial response came "shortly after" the ruling was announced, when he tweeted, "SEE YOU IN COURT, THE SECURITY OF OUR NATION IS AT STAKE!" After he "lashed out" on Twitter, The Hill (2/9, Fabian, 1.25M) says, Trump spoke to reporters in the West Wing and called the ruling "a political decision." Trump said he had not yet addressed the issue with Attorney General Sessions, "but predicted the administration would ultimately prevail." The Wall Street Journal (2/9, Barrett, Kendall, Subscription Publication, 6.37M) quotes Trump as saying, "This is just a decision that came down, but we're going to win the case." The Daily Caller (2/9, Hasson, 898K) reports the 9th US Circuit Court of Appeals has an "unusually high reversal rate before the" Supreme Court. According to a 2010 analysis from the American Bar Association, eight out of 10 cases from the 9th Circuit that are reviewed by the Supreme Court are overturned.

The Boston Globe (2/10, Valencia, Sacchetti, 1.08M) reports "lawyers and advocates for immigrants cheered" the ruling, and "praised the court's finding that 'the government has not shown a likelihood of success on the merits of its appeal.'"

The New York Times (2/9, Liptak, Subscription Publication, 13.9M) reports the ruling "was focused on the narrow question of whether it should be blocked while courts consider its lawfulness" and the Wall Street Journal (2/9, Palazzolo, Subscription Publication, 6.37M) phrases the question being decided as whether District Court Judge James Robart abused his discretion by temporarily freezing Trump's order. Roll Call (2/9, 63K) reports the court found that at this "very preliminary stage," the Administration did not convince it of two legal points: that not implementing the order immediately would cause injury to the White House and the government is likely to succeed on the merits of the case. The Washington Times (2/9, Dinan, 272K) says the court "said the administration bungled the writing of the Jan. 27 executive order by making it too broad, and botched its legal defense in court" by not presenting evidence that the people targeted by the policy have conducted attacks in the US. The court wrote, according to the Los Angeles Times (2/9, Dolan, Kaleem, 4.52M), that the federal government "has not shown a likelihood of success on the merits of its appeal, nor has it shown that failure to enter a stay would cause irreparable injury." The court said that "by contrast," according to McClatchy (2/9, Doyle, 74K), "the states have offered ample evidence that if the Executive Order were reinstated even temporarily, it would substantially injure the states and multiple other parties."

The Washington Examiner (2/9, 400K) says the court "ripped the Justice Department for

arguing that Trump's immigration action was not subject to judicial review. The court said, "There is no precedent to support this claimed unreviewability, which runs contrary to the fundamental structure of our constitutional democracy." The [Huffington Post](#) (2/9, Farias, 237K) says the court indicated that the judicial branch has a role in safeguarding people's rights. The court said that while the Supreme Court has indicated "deference to the national security determinations of the political branches," it "has made clear that the Government's authority and expertise in [such] matters do not automatically trump the Court's own obligation to secure the protection that the Constitution grants to individuals, even in times of war." [AFP](#) (2/9) – in a story that [Breitbart](#) runs under the banner "Inevitable: Left-wing Ninth Circuit Blocks Trump Security Exec Order" – reports that the court "said aspects of the public interest favored both sides, highlighting the 'massive attention' the case had drawn." The court wrote that the public "has a powerful interest in national security and in the ability" of the President "to enact policies," but also in "free flow of travel, in avoiding separation of families, and in freedom from discrimination."

[NBC Nightly News](#) (2/9, lead story, 2:10, Holt, 16.61M) reported "the courtroom wrangling is just beginning," as [USA Today](#) (2/9, Wolf, Gomez, 5.28M) says the "quick decision" could "lead to a showdown at the Supreme Court" unless the White House alters the order or seeks to try the case in front of the judge in Seattle who halted enforcement of the action last week. Washington State Attorney General Bob Ferguson said on [MSNBC's Rachel Maddow Show](#) (2/9, 769K), "It's a unanimous ruling and we could not have written a better ruling. The court essentially granted everything we wanted at this stage of the proceedings." When asked "what happens next?" Ferguson said it's "up to the federal government."

[Politico](#) (2/9, Gerstein, 2.46M) reports "the prospects for such an appeal" to the High Court "are uncertain due in part to the high court being short a justice and split evenly between Democratic and Republican appointed justices." According to the [AP](#) (2/9, Thanawala), Trump's nominee to fill the ninth spot on the court – Judge Neil Gorsuch – "could not be confirmed in time to take part in any consideration of the ban." [Bloomberg Politics](#) (2/9, Mehrotra, 201K) reports that a spokesman said the Justice Department is considering its options. Bloomberg adds that a White House official indicated that its attorneys are reviewing the decision and do not plan an immediate comment other than Trump's tweet.

Under the headline "3 Key Trump Mistakes That Led To The Travel Ban Court Defeat," [Politico](#) (2/9, Gerstein, 2.46M) reports the 9th Circuit reached its ruling because of the "green-card debacle," White House counsel McGahn's memorandum about the order not applying to lawful permanent residents was not binding in the eyes of the court, and the "claim that Trump's action was unreviewable" by the Court went "too far." In separate coverage, the [Washington Post](#) (2/9, 11.43M) uses a series of graphics to show how President Trump's order "differed from tradition when it came to writing, reviewing and implementing." The Post says the President's deviations "sen[t] the nation's airports into chaos."

Kellyanne Conway said on [Fox News' First 100 Days](#) (2/9, MacCallum, 11.07M), "You see the President's initial reaction in his tweet. He said we'll see you in court. And the nation's safety is at risk. That's what this has always been about from the beginning, keeping the country safe. It's not just a promise he made as a candidate, it's his duty and responsibility as president of the United States and commander-in-chief."

Chris Cillizza writes for the [Washington Post](#) (2/9, 11.43M) that the court's decision "ended" Trump's "18-month winning streak," referring to the President's success during the election

campaign. The New York Post (2/9, Fredericks, Halper, 3.82M) reports the Democratic Party “immediately seized the ruling for political gain.” Interim DNC Chairwoman Donna Brazile called the ruling “a massive blow to the White House.” Brazile added, “President Trump still lacks the judgment to see the pointless chaos and harm he has caused – our courts, thankfully, do not. We are confident this ruling will stand.”

Merits Of Decision Debated. Sen. Cory Booker said on MSNBC’s Hardball (2/9, Matthews, 713K), “This is a good day for the United States of America because we’re continuing to assert the reality that Donald Trump doesn’t seem to want to accept, that he’s not above the law, that he can’t just unchecked do bans like this, and ultimately, in my opinion, make our country less safe and not more. ... These are seven countries that he picked in which we have not since 1975 had Americans being killed by a terrorist act from someone coming in as a refugee or coming in to become a citizen of this country. It’s just not happening.” Sen. Ben Cardin said on MSNBC’s For The Record (2/9, Van Susteren), “I think it shows the checks and balances in our system will work. Obviously, this executive order, many thought it made this nation less safe. I’ve talked to world leaders who told me it’ll be a recruitment tool by the terrorists. So the courts have ruled, and they have blocked it from going forward. But that’s important for the executive order itself, but it also shows that President Trump, who has the propensity to issue a lot of executive orders, that his power is not unlimited.”

However, Rep. Peter King said on CNN’s Situation Room (2/9, Blitzer, 554K) that “the Constitution and statutes clearly give this power to the President.” Alan Dershowitz expressed a similar position on MSNBC’s Hardball (2/9, Matthews, 713K), saying it “looks like it’s based more on policy than on constitutionality.” Charles Krauthammer called the decision “disgraceful” on Fox News’ Tucker Carlson Tonight (2/9, Carlson, 998K), saying the court “substituted their judgment as to what constitutes a threat to American security for the President’s.” The Wall Street Journal (2/9, Subscription Publication, 6.37M) editorializes that the immigration order has become an opportunity for the judiciary to restrict the power of the political branches to carry out foreign policy. The Journal says that it still opposes the policy that the order represents, but the court’s decision causes concern about judicial overreach.

Former DNI Clapper, Sen. Shaheen: Order Will Be Used For Jihadist Propaganda. CNN’s Situation Room (2/9, 554K) reported former DNI James Clapper told CNN “that he doesn’t know of any threat warranting the President’s executive order,” reportedly adding that ISIS will use the order “as propaganda.” Jim Sciutto said that Clapper called the order “unnecessary” and “damaging.” Clapper claimed the vetting process in place before Trump took office was already effective.

Prior to the news of the court’s ruling, Sen. Jeanne Shaheen, a member of the Foreign Relations and Armed Services Committees, told CNN’s Situation Room (2/9, 554K) that she doesn’t believe the order is “good policy” because the “people who we want to help us in this fight against terrorism are the people who are going to be turned off by this order. And what we’re seeing already is that ISIS and other terrorist groups are using it as a recruiting tool.”

Langford: Executive Order Not A “Muslim Ban.” Sen. James Langford told CNN’s Situation Room (2/9, 554K) that while Trump’s order is “labeled as a Muslim ban, it’s not,” because the countries included on the list are “countries where there is concern of terrorism, war, or no functioning government.” He added that there is also a “high level of risk” for terrorism, and cited the situation “in Europe right now [where] individuals from ISIS are traveling with refugees.”

WSJournal Analysis: Ruling Could Empower Tech Companies To Continue Fighting Order. The Wall Street Journal (2/9, Nicas, Subscription Publication, 6.37M) reports the decision could empower the tech companies who have fought against Trump's order to continue their efforts. The Journal notes that nearly 130 companies, mostly from the tech industry, had taken a public position against the order with a joint legal filing that argued the policy is unconstitutional and hurts their businesses.

Krauthammer: "Core Idea" Of Order "Makes Sense," But Restrictions "Unnecessary And Damaging." In his Washington Post (2/9, 11.43M) column, Krauthammer says that even if Trump's order "is ultimately vindicated in the courts (as is likely), that doesn't change the fact that it makes for lousy policy." Krauthammer argues that "the core idea makes sense," but "the moratorium was unnecessary and damaging" with the sole purpose of "fulfill[ing] an ill-considered campaign promise." Krauthammer adds the policy "caused enormous disruption without making us any safer."

Sen. Durbin Proposes Senate Hearings On Trump's Immigration Orders. Politico (2/9, Kim, 2.46M) reports Sen. Dick Durbin (D-IL) is seeking hearings on the "trio of controversial immigration executive orders from President Donald Trump." Durbin, in a letter to Senate Majority Whip John Cornyn (R-TX), is quoted as saying, "These executive orders, which have dramatic implications for our immigration system, are inconsistent with America's heritage as a nation of immigrants and a safe haven for those fleeing persecution. ... The subcommittee has an urgent responsibility to address the serious questions that have been raised about the legality, efficacy and morality of these orders." The Hill (2/9, Savransky, 1.25M) reports similarly.

USA Today Analyzes Potential Next Legal Moves For Administration. USA Today (2/9, Gomez, Wolf, 5.28M) analyzes legal options for the White House after Thursday's ruling by the three-judge panel for the 9th Circuit Court of Appeals. USA Today says the Administration could appeal the case to the Supreme Court, appeal the decision to a full hearing before the 9th Circuit, bring the case back to the federal judge who initially blocked the order, or scale back the language of the Executive Order itself.

Lawsuits Against Immigration Order "Pile Up." Politico (2/9, Gerstein, 2.46M) reports opponents of "President Donald Trump's controversial travel ban" have "launched nearly two dozen additional challenges to the executive order as they look for new avenues to stymie the president." Politico says the "high-profile showdown" at the 9th US Circuit Court of Appeals hasn't "stopped immigrant rights advocates from trying to press forward with about 20 other lawsuits in federal courts across much of the nation seeking relief for specific immigrants or for residents of individual states – or just taking another crack at winning a broad ban on Trump's directive." ACLU attorney Lee Gelernt "said the flurry of litigation is largely the product of lawyers' early scramble to get help from judges anywhere they could and as quickly as possible." Politico adds, "Despite pleas by advocates to press on with many of the pending suits, the ongoing showdown at the 9th Circuit and the possibility that dispute could soon go to the Supreme Court is having some impact on judges' willingness to move forward in the other cases."

Attorneys Taking Shifts At Minneapolis Airport To Assist Incoming Refugees. The Minneapolis Star Tribune (2/9, McKinney, 1.27M) reports on attorney volunteers at the Minneapolis-St. Paul International Airport waiting on stand-by to assist "arriving refugees and visa card holders," even as the 9th Circuit on Thursday issued its ruling. The Star Tribune says

the attorneys have been at the airport “for days now, watching and waiting at the international arrivals gate for anyone who might need legal help.” The piece notes there are some 200 to 250 attorneys taking shifts at the airport.

Prime Minister May: Trump Immigration Order Was “Wrong.” The Hill (2/9, Savransky, 1.25M) reports British Prime Minister Theresa May “criticized President Trump’s order temporarily barring refugees and immigrants from seven predominately Muslim countries from entering the U.S.” on Thursday. She is quoted as saying, “We thought that was wrong, that was divisive. ... It is not a policy that the United Kingdom would adopt.”

Refugees Resettled In US Since Court’s “Reprieve” More Than Doubles. The Washington Times (2/9, Dinan, 272K) reports that the number of refugees from the seven countries listed in President Trump’s travel ban who have been admitted into the US by the State Department “has more than doubled” since a judge issued a “reprieve.” The Times says that 77 percent of the 1,100 refugees resettled in the US in the last week have been from the seven countries, “in what analysts said appears to be a push to admit as many people as possible before another court puts the program back on ice.”

Starbucks To Offer Free Legal Services To Employees In Response To Travel Order. The Christian Science Monitor (2/9, Rosen, 387K) reports Starbucks is offering free legal services on immigration related issues to employees and their families, in what the Monitor says is “one of a number of actions the world’s largest coffee chain has taken in response to President Trump’s travel ban.” The article notes employees were informed of the service in a letter a day after company CEO Howard Schultz “denounced [President] Trump’s executive order.”

Iranian-Born US Surgeon Cancels Trip Amid Uncertainty. The Houston Chronicle (2/9, 1.91M) reports Iranian-born US surgeon Dr. Alireza Shamshirsaz has cancelled a trip to Iran to perform a life-saving surgery on infants because of uncertainty over President Trump’s order restricting “travel to the U.S. from seven Middle Eastern countries.” He had been “waiting to see if the administration would put out clear guidelines for those planning to go abroad.” The team cancelled its trip because it “wasn’t clear” they “would be able to return to Houston at the end of its 10-day visit.” The Chronicle says, “Following the chaotic implementation of the president’s executive order two weeks ago, Baylor and other medical schools nationwide sent messages cautioning faculty and students against traveling to one of the seven affected countries.” Some of the physicians on Shamshirsaz’s team were “adamantly opposed to going until the legal challenges against the order had been settled.”

Iraqi Contractor Who Helped US During War Concerned For His Family. In an op-ed for Vox (2/9, 1.15M), Iraqi-born construction contractor Zkariya Al Sagheer argues that President Trump’s order temporarily denying access to individuals from Iraq is putting his family in danger. During the war, Sagheer worked with the US Army through his construction company to build “schools, hospitals, and border forts.” His work with the US made him a target, and he was kidnapped and tortured by an anti-US Sunni group. Sagheer was luckily saved and received a Special Immigration Visa after a two-year application period. He says the “vetting process is extremely long and thorough,” and required multiple in-person interviews and a background check through DHS. Sagheer says his family still in Iraq is under threat due to his work with the army. His sister was scheduled to have an interview for a visa with DHS, but President Trump’s order was signed days beforehand. He concludes that the order “has shattered my family’s hopes of being reunited again.”

Opinion: Outrage Over Order Is Based On Victims' Stories. In an op-ed for The Hill (2/9, Boatright, Contributor, 1.25M) "Pundits Blog," Clark University Professor and director of the National Institute for Civil Discourse Research Network Robert G. Boatright argues the order restricting travel has provoked outrage and a nationwide response because the order "yielded many stories about people who had been hurt by it." He concludes that in the battle over the order, "where we're forced to choose between stories about sinister 'bad dudes' or people with the same sorts of immigrant stories that millions of Americans have been told about their own families, this seems less a matter of policy than a national gut-check."

REPORT ESTIMATES COST OF BORDER WALL AT \$21.6 BILLION. Reuters (2/9, Ainsley) cites an internal DHS report which put the cost of President Trump's wall along the US-Mexico border at "as much as \$21.6 billion." That price-tag is "much higher than a \$12-billion figure cited by Trump in his campaign and estimates as high as \$15 billion from Republican House Speaker Paul Ryan and Senate Majority Leader Mitch McConnell." According to the report, which is expected to be presented to DHS Secretary Kelly in the coming days, the "series of fences and walls" would "take more than three years to construct." The Hill (2/9, Greenwood, 1.25M) also covers Reuters reporting.

The Los Angeles Times (2/8, Wilkinson, 4.52M) quotes Trump as saying Wednesday, "Do walls work? ... Just ask Israel about walls. ... Just ask Israel," and says that "with noticeable frequency, Trump appears to be borrowing from Israel's security manual – including its construction of what Israel calls a security barrier along more than 400 miles of Israel's border with the West Bank." The Times cites other examples and says Trump's "invocation of Israel's counter-terrorist policies has sparked growing concern by security experts and human rights groups."

TRUMP URGES SENATORS TO TAKE UP IMMIGRATION REFORM. During a White House lunch meeting Thursday with senators from both parties, President Trump said "he was open to considering a comprehensive immigration reform plan if senators come up with a new one," but he "opposes a 2013 proposal that passed the US Senate with bipartisan support," the Washington Post (2/9, O'Keefe, Rucker, 11.43M) reports. According to Sen. Joe Manchin, who was in attendance, Trump "said he was open to reviewing details of the 2013 immigration bill written by a bipartisan 'Gang of Eight' senators." However, White House press secretary Sean Spicer said that Trump's comments were "not specific to the 'Gang of Eight,'" and that he "opposes the 2013 bill," which he considers to be "amnesty." That account is "disputed slightly by Manchin," who said that when Sen. Lamar Alexander mentioned the 2013 bill, Trump said, "Well, that sounds like something good and you all agreed, 68? What happened to it?"

TIME (2/9, 6.98M) and Politico (2/9, Kim, Nussbaum, 2.46M) report similarly.

White House Disputes Manchin's Characterization Of Trump's Immigration Stance. The Wall Street Journal (2/9, Meckler, Peterson, Subscription Publication, 6.37M) reports that Sen. Joe Manchin, who was among the group of senators that met with Trump on Thursday, said that Trump expressed openness to comprehensive immigration reform along the lines of that passed by the Senate in 2013. However, the White House disputed this, saying that the President was simply expressing general support for addressing the issue.

The Hill (2/9, Fabian, 1.25M) reports similarly.

CBP: FAKE PASSPORT USE THE RISE AT BORDER. *Fox News* (2/9, 11.07M) reports people using fake passports and border crossing cards to cross the border illegally is on the rise, according to CBP. The border crossing cards, “also known as laser visas,” are the most common method, according to CBP spokesman Rubén Jáuregui. A criminal network is issuing the border crossing cards for \$150 dollars. According to an investigation by Mexican newspaper *El Universal*, CBP agents in El Paso and Sunland Park “seize an average of 85 documents that have been altered” every week.

CBP INSPECTING VALENTINE’S FLOWERS FOR “BUGS AND DRUGS.” *AFP* (2/9) reports CBP will be “rolling up their sleeves for the unromantic task of scrutinizing millions of imported flowers to keep out both bugs and drugs” ahead of Valentine’s Day. Two thirds of the flowers are imported, “mostly from Colombia,” so it’s “Valentine’s rush hour at Miami International airport.” CBP agriculture spokeswoman Migdalia Arteaga is quoted as saying, “It’s a very busy time of the year for us and we have to be very careful.” *AFP* says CBP does not use a high-tech approach, but rather “inspectors grab a bunch, hang it upside down and smack it a few times to see if any insect or other stray stowaway material, drops out.” Arteaga adds that one of CBP’s “most important missions” is to “protect the nation against pests” that can “destroy” or “cause havoc” to the ecosystem. CBP Miami port director Christopher Maston said, “It only takes one exotic plant pest to inflict tremendous damage on domestic agriculture, which is a trillion dollar industry.”

US CONTINUES TO PROCESS REFUGEES UNDER AUSTRALIAN DEAL. The *AP* (2/9, CALDWELL) reports refugees from the Australian island of Nauru are continuing to be reviewed by the US Department of Homeland Security, according to DHS spokeswoman Gillian Christensen. She said the refugees “will be interviewed and undergo security vetting consistent with the law, including any executive orders and court orders.”

SENATORS URGE TRUMP TO RECONSIDER OVERHAUL OF COUNTER-EXTREMISM PROGRAM. *Reuters* (2/9, Volz) reports that a dozen Democratic senators have called on the Administration “to reconsider overhauling and renaming a U.S. government program so it would focus solely on countering Islamist extremism, saying it could jeopardize security and may be illegal.” In a letter address to Cabinet secretaries, Sens. Corey Booker, Brian Schatz, and 10 others, wrote that restructuring the program to exclude non-Islamist groups “would severely damage our credibility with foreign allies and partners as an honest broker in the fight against violent extremism, and prove divisive in communities across our country.”

Subject: Headquarters-Directed (b)(7)(E)

(b)(7)(E) serves as the operational umbrella for all focused enforcement efforts that target specific populations, such as at large criminal aliens. The nature of an (b)(7)(E) effort is predicated on national events or situations unique to a particular AOR, requests by ICE counterparts or other agencies, or directives from an ERO component.

ERO will be conducting a Headquarters-directed (b)(7)(E) in the Chicago and Los Angeles Areas of Responsibility. This operation will consist of seven days of enforcement activity scheduled from February 4 – 10, 2017, with local operational start dates determined by each Field Office Director. Enforcement actions will be guided by the January 25, 2017, Executive Order entitled *Enhancing Public Safety in the Interior of the United States*.

The target lists have been developed, vetted, and approved through the respective field offices. Targets are believed to be located within these field offices, with approximately 300 total cases across these AORs, and all cases are amenable to administrative removal. Each Fugitive Operations Team Assistant Field Office Director will coordinate arrest planning.

Each Field Office Director must review the list to ensure all targets have reliable location information within their respective AORs and should coordinate legal review with their local Offices of Chief Counsel for any prosecutorial discretion considerations. Some TDY travel funding may be available for this operation.

Please review the attached operation plan.

- 1) **Sign, scan, and return the operational plan signature page on or before Noon February 3, 2017 to the LSTU mailbox.**
- 2) Submit the following items to LSTU by the dates/times listed below:

1. During the arrest phase, the attached Arrest Reporting Spreadsheet must be completed daily to facilitate informational coordination and statistical reporting to NFOP.

The following message is sent on behalf of (b)(6);(b)(7)(C) Acting Deputy Executive Associate Director, Enforcement and Removal Operations:

To: Field Office Directors, Deputy Field Office Directors, and Assistant Field Office Directors for Fugitive Operations – Chicago, Los Angeles

Subject: Headquarters-Directed (b)(7)(E)

(b)(7)(E) serves as the operational umbrella for all focused enforcement efforts that target specific populations, such as at large criminal aliens. The nature of an (b)(7)(E) effort is predicated on national events or situations unique to a particular AOR, requests by ICE counterparts or other agencies, or directives from an ERO component.

ERO will be conducting a Headquarters-directed (b)(7)(E) in the Chicago and Los Angeles Areas of Responsibility. This operation will consist of seven days of enforcement activity scheduled from February 4 – 10, 2017, with local operational start dates determined by each Field Office Director. Enforcement actions will be guided by the January 25, 2017, Executive Order entitled *Enhancing Public Safety in the Interior of the United States*.

The target lists have been developed, vetted, and approved through the respective field offices. Targets are believed to be located within these field offices, with approximately 300

total cases across these AORs, and all cases are amenable to administrative removal. Each Fugitive Operations Team Assistant Field Office Director will coordinate arrest planning. Each Field Office Director must review the list to ensure all targets have reliable location information within their respective AORs and should coordinate legal review with their local Offices of Chief Counsel for any prosecutorial discretion considerations. Some TDY travel funding may be available for this operation.

Please review the attached operation plan. Field Office Directors must:

- 1) **Sign, scan, and return the operational plan signature page on or before COB February 3, 2017 to HQERO, FUGOPS.**
- 2) Submit the following items to NFOP at HQERO, FUGOPS by the dates/times listed below:

02/03/2017	COB	POC for Reporting
02/03/2017	COB	FOD Signed Operational Plan Signature Page
02/03/2017	COB	FOD-Approved Final Target List
02/04/2017- 02/10/2017	16:00 EST	Target List and Arrest Reporting Spreadsheet
02/10/2017	16:00 Local	Final Arrest Reporting Spreadsheet

Preparation and Arrest Phase

1. During the arrest phase, the attached Arrest Reporting Spreadsheet must be completed daily to facilitate informational coordination and statistical reporting to NFOP.
2. If required, a Significant Incident Report must be completed for each arrest consistent with policy requirements.

The Enforcement Division is committed to assisting each field office in this endeavor. If you have any questions, please email the HQERO, FUGOPS mailbox or contact NFOP Acting Unit Chief (b)(6);(b)(7)(C)

Update:

Operation is scheduled to end on February 10, 2017 (Subject to change). Two (2) hours of overtime per day has been approved. Please resubmit a revised list to me of all officers participating **NLT COB Thursday, February 2, 2017.**

Originally this operation was targeting all crimes of violence; if you have any cases that meet the new priorities set forth by the new Executive Order (E.O.), please submit. We still want to concentrate on the most egregious cases, aggravated felons, ADW, criminal reinstates, FO etc. We are shooting to have all target lists submitted for consolidation by **COB Wednesday, February 1, 2017.**

SDDOs, please ensure all cases are vetted/cleared by OCC if needed. Please reach out to VCAS for

any possible 1326 case so they can get a head start on the process if arrested.

There will be a conference call with team leaders (SDDOs) will take place on Friday, February 3, 2017, at 0900 hours to discuss some of the finer details and information needed when reporting all arrests made.

Good afternoon AFODs,

Please be advised, there has been a change of dates for the upcoming Local (b)(7)(E) that was originally scheduled to begin on February 12, 2017. We have been instructed by HQ to push the operation up a week to Monday, February 6, through Thursday, February 9, 2017. Los Angeles, Chicago and San Antonio will be the only Field Offices conducting this (b)(7)(E)

Due to the time constraints we are now facing, please have your field teams stand down on any other enforcement actions for this week. We need all teams to concentrate on completing the target list and FOW's before the end of this week. Please ensure SDDOs are verifying that cases have been vetted/cleared by OCC if needed. I also need to know if the original officers/staff who volunteered, will still be participating?

In addition, we will be holding a conference call with all team leaders on Friday, February 3, 2017 (Time TBD).

Reminder: Please ensure all officers participating have attended Fourth Amendment training within the last six months. Below is the next Fourth Amendment training:

Good afternoon,

We will be needing additional operational support for all the field teams for the upcoming operation. Please solicit in your respective AOR's for any volunteers who would like to participate. All officers participating will have to attend 4th Amendment training or must have had the training within the last 6 months. We are in the process of scheduling 4th Amendment training with the training unit the week prior to the operation.

Please send me a list of all volunteers **NLT Thursday, January 26, 2017.** We will be requesting 45 Act overtime for Sunday, February 12, 2017, once we receive an accurate number of all participants.

Please let me know if you have any questions or concerns.

The following message is sent on behalf of (b)(6);(b)(7)(C) Acting Deputy Executive Associate Director, Enforcement and Removal Operations:

To: Field Office Directors, Deputy Field Office Directors, and Assistant Field Office Directors for Fugitive Operations – Chicago, Los Angeles

Subject: Headquarters-Directed (b)(7)(E)

(b)(7)(E) serves as the operational umbrella for all focused enforcement efforts that target specific populations, such as at large criminal aliens. The nature of an (b)(7)(E) effort is predicated on national events or situations unique to a particular AOR, requests by ICE counterparts or other agencies, or directives from an ERO component.

ERO will be conducting a Headquarters-directed (b)(7)(E) in the Chicago and Los Angeles Areas of Responsibility. This operation will consist of seven days of enforcement activity scheduled from February 4 – 10, 2017, with local operational start dates determined by each Field Office Director. Enforcement actions will be guided by the January 25, 2017, Executive Order entitled *Enhancing Public Safety in the Interior of the United States*.

The target lists have been developed, vetted, and approved through the respective field

offices. Targets are believed to be located within these field offices, with approximately 300 total cases across these AORs, and all cases are amenable to administrative removal. Each Fugitive Operations Team Assistant Field Office Director will coordinate arrest planning.

Each Field Office Director must review the list to ensure all targets have reliable location information within their respective AORs and should coordinate legal review with their local Offices of Chief Counsel for any prosecutorial discretion considerations. Some TDY travel funding may be available for this operation.

Please review the attached operation plan. Field Office Directors must:

- 1) **Sign, scan, and return the operational plan signature page on or before COB February 3, 2017 to HQERO, FUGOPS.**
- 2) Submit the following items to NFOP at HQERO, FUGOPS by the dates/times listed below:

Preparation and Arrest Phase

1. During the arrest phase, the attached Arrest Reporting Spreadsheet must be completed daily to facilitate informational coordination and statistical reporting to NFOP.
2. If required, a Significant Incident Report must be completed for each arrest consistent with policy requirements.

The Enforcement Division is committed to assisting each field office in this endeavor. If you have any questions, please email the HOERO, FUGOPS mailbox or contact NFOP Acting Unit Chief (b)(6);(b)(7)(C)

It is to be controlled, stored, handled, transmitted, distributed, and disposed of in accordance with DHS policy relating to FOUO information and is not to be released to the public or other personnel who do not have a valid "need-to-know" without prior approval of an authorized DHS official. No portion of this report should be furnished to the media, either in written or verbal form.

Revised 1/30/2017

I. Situation

The objective of (b)(7)(E) is to apply an organized, methodical approach to the identification, location, and arrest of at-large criminal aliens and public safety threats who present a danger to citizens, immigrants, and visitors in the nation's communities. This operation will occur within the Chicago (CHI) and Los Angeles (LOS) Areas of Responsibility (AORs). Enforcement actions will be guided by the January 25, 2017 Executive Order entitled, "*Enhancing Public Safety in the Interior of the United States*".

(b)(7)(E) will utilize the Fugitive Operations Teams (FOTs) located within the two named AORs (CHI, LOS), resources from Criminal Alien Program (CAP) and detained/non-detained units, and agents from corresponding ICE Homeland Security Investigations (HSI) Special Agent in Charge (SAC) offices.

Prior to commencement of the operation, teams will evaluate lead information to identify at-large criminal aliens and public safety threats. Target cases amenable to prosecution will be presented to Offices of the United States Attorneys (USAO) in pursuit of criminal arrest warrants including, but not limited to, 8 USC 1326 and 8 USC 1253. Prosecutions for other offenses will be guided by the August 20, 2007, memorandum entitled *DRO/OI Protocols*. Field Offices will also collaborate with U.S. Citizenship and Immigration Services to evaluate criminal alien case referrals for inclusion in the operation.

Upon approval of this operational plan Field Office Directors (FODs) will:

- Collaborate with each USAO in their respective AORs to seek cooperation in obtaining criminal arrest warrants, indictments, and acceptance of prosecutions;
- Coordinate with corresponding SACs, as well as other federal, state, and local law enforcement agencies (LEAs) to encourage their participation in this operation; and
- Coordinate with the United States Marshals Service (USMS) Regional Task Forces, local USMS task forces, and other law enforcement partners. Arrangements should be made with the USMS to ensure space requirements and coordinate initial appearances.
- Local probation and parole offices should be consulted in target development.

This operation will consist of seven days of enforcement activity executed simultaneously across all two ERO field offices from February 4 – 10, 2017.

The Executive Associate Director (EAD), Deputy Executive Associate Director (Deputy EAD), Assistant Director (AD) for Enforcement, and the Field Office Directors (FODs) have been briefed on this operational plan and support its execution.

A) Targeted Aliens – (300)

The FOTs will target approximately 300 at-large aliens and public safety threats within the three AORs. Teams will generate target lists of at-large criminal aliens and public safety threats who present a danger to citizens, immigrants, and visitors in the nation's communities. Focus on targets may be subject to change based on Headquarters (HQ) operational directives, but subsequent changes relating to target focus and scope will not require a new operational plan.

Enforcement actions may also be taken against non-targeted aliens encountered during the course of this operation who are determined to be removable and found to present a public safety threat or otherwise meet DHS enforcement priorities, as provided in this operation plan. If safe to do so, and there is articulable reason to believe that the non-targeted aliens encountered during the operation are in the United States unlawfully, immigration and criminal history checks should be conducted while at the arrest location or at a local ERO office. Appropriate charging and detention decisions should be made consistent with the January 25, 2017, Executive Order entitled, *Enhancing Public Safety in the Interior of the United States*.

(See attached Excel spreadsheet for target list.)

B) Hours of Operation

(b)(7)(E)

If a daily target list has been exhausted early in the day, consideration should be given to pursuing additional targets and/or conducting additional casework related to identified targets.

C) Local Situation

The FOTs will conduct the operation with other resources from local CAP and detained/non-detained units, as well as from local LEAs.

(See attached Excel spreadsheet for Team and LEA breakdown.)

D) Operational De-Confliction

Target lists will be queried in (b)(7)(E) to ensure de-confliction with HSI and other law enforcement entities. Each FOD will inform their respective HSI SAC of the operation and offer them the opportunity to participate.

E) LEAs

The FOT Supervisory Detention and Deportation Officer (SDDO) shall advise local LEAs prior to the execution of this operational plan. The standard operating procedures for local law enforcement agencies will vary from location to location and should be established through proactive liaison. During the course of the operation, if a target is found to be in an area outside the jurisdictions originally notified as part of the plan, every reasonable effort will be made to notify the newly affected LEA prior to the FOT's arrival and, if that is not possible, as soon as practicable thereafter. In the presence of exigent circumstances, it may be prudent to not provide notification of impending fugitive operations within each jurisdiction. **(If this is the case, the FOD must be made aware of these circumstances and concur with written justification not to notify the local LEAs.)**

F) Sensitive Locations and 4th Amendment

Potential enforcement activities near sensitive locations, as defined in the October 24, 2011 memorandum entitled *Enforcement Actions at or Focused on Sensitive Locations*, will be avoided unless operationally necessary, and if they are unavoidable, they will be executed in compliance with the requirements of the memorandum. Pre-planned operations conducted near a sensitive area must be reviewed and approved in writing by the FOD and the Assistant Director for Field Operations or the ERO EAD according to the memorandum, and outlined in this section of the operational plan. All personnel assigned to the operation will be briefed on the policy prior to the operation and that briefing documentation will be attached to the plan. **(No sensitive locations have been targeted for this operation.)**

All personnel assigned to the operation must be current on 4th Amendment training requirements. In addition, FODs may choose to seek additional training by their respective Office of Chief Counsel (OCC) prior to the operation, as is the case with

national operations. During the pre-operational briefing, OCC will provide a 4th Amendment overview.

G) Community Issues or Politically Sensitive Issues

HQERO will provide the ICE Offices of Public Affairs (OPA) and Congressional Relations (OCR) with the specifics of the operation, including the operational dates and location of the initiative. If the operation can reasonably be expected to result in a negative community response, this must be specifically communicated to these offices and the Assistant Director for Field Operations. No proactive outreach shall be conducted with non-law enforcement entities on the planning or execution of this operation.

H) Juveniles

The presence of juveniles at a target location, or in the care of a targeted alien, will be explored during initial investigation, surveillance, and diligent research of available indices, to the extent possible. Should available information indicate that such non-targeted juveniles will likely be present, authorization from an Assistant Field Office Director (AFOD) or higher should be obtained prior to taking enforcement action.

In the event that non-targeted minors are identified, or likely to be encountered, family members, care providers, and community, as well as state and county, juvenile resources, will be identified and a plan of care for non-targeted juveniles will be addressed prior to the commencement of operations. Non-targeted juveniles will be turned over to county resources only as a last resort. Such enforcement activity will be conducted consistent with the requirements of ICE Policy No. 11064.1: *Facilitating Parental Interests in the Course of Civil Immigration Enforcement Activities* dated August 23, 2013.

Officers will limit contact with any identified juvenile to the extent officer safety is not compromised. In addition, the utmost care and consideration will be used when dealing with juveniles, especially when juveniles are present during interviews or encounters with adults. The questioning of juveniles will be kept to a minimum and conducted in the least threatening manner and environment possible. **(Note: no juveniles have been targeted for this operation.)**

If unaccompanied alien juveniles are encountered, the local juvenile coordinator will be contacted for guidance. If this person is unavailable, the Office of Refugee Resettlement (ORR) must be notified at (202) 401-5709 upon completion of processing.

In the event that an unaccompanied juvenile is present, and their presence was not anticipated during operational enforcement activities, the FOT SDDO and team leaders

may need to seek assistance from the state or local governmental agency responsible for juvenile issues, i.e. Child Protective Services (CPS). As such, the FOT SDDO and team leaders will be in possession of the agency's appropriate contact numbers, to be used as necessary throughout the entirety of the operation. (See Attachment 4, Supporting Agency Contact Information.)

Whenever possible, non-targeted juveniles will be placed in the care of immediate family members who have no ascertainable criminal history, are not otherwise enforcement priorities, and/or are not targets of this operation. If there are no other options, primary care providers who fall within DHS enforcement priorities and are subject to removal but have no ascertainable criminal record and are not targets of this operation, *may* be placed on an Order of Supervision or Order of Release on Recognizance, as appropriate, with SDDO/AFOD approval.

I) Prosecutions

In instances where an alien is amenable to prosecution, the case will be presented to the USAO/State Attorney's Office as appropriate. If the case is accepted for prosecution, a Form I-247D, Immigration Detainer Request for Voluntary Action, will be filed with the agency assuming custody of the alien. If the USAO/State Attorney's Office declines to prosecute, the declination will be recorded in the narrative portion of the Form I-213 and included in the file.

J) Gangs

In the event ICE personnel encounter an alien affiliated with a street gang, officers must record the appropriate information on Form I-213 and photograph any tattoos. A copy of the Form I-213 and photos will be forwarded to the local gang/intel officer for notification to HSI.

ICE Definitions of Gang Member and Gang Associate

Gang Member: Anyone who admits gang affiliation, convicted of violations associated with 18 U.S.C. § 521 or any other federal or state law punishing or imposing civil consequences for gang-related activity or association, or falls under two or more of the following criteria, one of which occurred in the previous five years:

- Subject has tattoos identifying a specific gang.
- Subject frequents an area notorious for gangs and or associates with known gang members.
- Subject has been seen displaying gang hand signs/symbols.

- Subject has been identified as a gang member by a reliable source or by an informant (tested or untested).
- Subject has been arrested on two or more occasions with known gang members. (If the most recent arrest occurred in the past five years, the “previous five years” requirement is deemed to have been met.)
- Subject has been identified as a gang member by a jail, prison, or other LEA.
- Subject has been identified as a gang member through seized written or electronic correspondence.
- Subject has been seen wearing gang apparel or been found possessing gang paraphernalia.
- Subject has been identified as a gang member through documented reasonable suspicion.

Associate Gang Member: An individual who exhibits one of the above listed gang member criteria but not formally initiated into the gang. The officers/agents conducting the arrest will determine whether indications of association are present.

II. Mission

To identify, arrest, and remove aliens who present a danger to national security or are a risk to public safety, as well as those who enter the United States illegally or otherwise undermine the integrity of immigration laws and border control efforts. ERO upholds America's immigration laws at, within, and beyond our borders through efficient enforcement and removal operations.

One of the most important ICE mandates is the enhancement of public safety and the security of the American public. The broad authority of ICE allows for the identification and removal of dangerous, often recidivist, criminals engaged in crimes such as murder, predatory sexual offenses, narcotics trafficking, alien smuggling, and a host of other crimes that have a profoundly negative impact on our society. The Fugitive Operations and Training Division supports this mandate by performing strategic planning and establishing policy designed to augment ICE's ability to arrest and locate these aliens for removal from the United States.

The objective of (b)(7)(E) is to apply an organized, methodical approach to the identification, location and arrest of at-large criminal aliens and public safety threats who present a danger to citizens, immigrants and visitors in the nation's communities.

III. Excution

A) Operational Intent

This operation is guided by the January 25, 2017 Executive Order entitled, *Enhancing Public Safety in the Interior of the United States*.

B) Concept of Operations

The operation will consist of multiple arrest teams dispatched throughout the two ERO field offices (CHI, LOS). The teams will consist of members of the FOTs who will also be assisted by Deportation Officers (DOs) from CAP and the detained and non-detained sections. One DO will be assigned as the team leader for each team and one will be assigned as the File Control Officer (FCO). The teams will be assigned unmarked vehicles as well as secure transport vehicles for use during this operation.

Throughout the course of this operation, team resources may be reassigned to other geographical areas to meet operational needs or returned to their official duty posts as deemed appropriate by the SDDO/AFOD. If operationally feasible to do so, liaison will be established with LEAs in the areas in which enforcement efforts will be conducted.

This operation will consist of seven days of enforcement activities from February 4 February 10, 2017. Upon review and approval of the ERO Executive Associate Director, ICE HQ OPA may issue a press release.

C) Tasks

1. Field Offices: A copy of the Operational Plan and target list will be sent to NFOP via the HQ ERO, FUGOPS mailbox. Submissions must include the Operational Plan, Signed FOD Signature Page, Target List, and personnel breakdown, along with any additional attachments.
2. FODs: Each FOD will be responsible for identifying suitable detention space within each AOR. Should additional detention resources be required, the FOD will coordinate with HQ/Field Operations.
3. The Law Enforcement Support Center (LESC) is available 24 hours per day, seven days per week and will provide support to FOTs conducting operations. All officers participating in the operation should have the contact number for the LESC: (802) 872-(b)(6);(7) When calling the LESC, officers should be prepared to provide their LESC officer ID number.
4. NFOP: Prior to the operation, NFOP will provide HQ/Field Operations with a copy of the approved operational plan.

IV. Administration

A) Safety

Mandatory element: **Safety is paramount.**

1. All participating officers/agents will be fully equipped with both deadly and non-deadly force weapons, service-issued firearms, and body armor.
2. Beyond verbally identifying themselves as law enforcement officers, all enforcement personnel must utilize law enforcement identifiers, such as neck badges, belt badges, and outer garments affixed with ICE identifiers. In order to ensure uniformity, outer garments, must be prominently affixed with both the words "ICE" and "Police."
3. Officers will not engage in high/low-speed vehicle pursuits.

B) Logistics

1. Primary processing location: All detainees will be transported to local detention facilities for processing.
 - a. Secondary detention and processing sites will be determined as needed.
 - b. The SDDO will coordinate requests for additional staff to support the enforcement operation. Requests will be made through the FOT AFOD with concurrence from the appropriate FODs.
2. Lodging and per diem: Lodging and per diem expense request will be reviewed on a case by case basis for this operation.
3. Removal efforts: Pursuant to ERO's mission of ensuring efficient removal in order to uphold America's immigration laws, the below actions will be performed to facilitate this objective:
 - a. Once arrested, all detainees will be transported to the nearest ERO office for initial processing. All files will be reviewed by the FOT team leader/SDDO for legal sufficiency prior to the alien being transferred to an appropriate detention facility.
 - No health and safety inspection is required for any facility or equipment being utilized for this operation.
 - No contracts need to be reevaluated.

- b. Each operational team has been instructed to secure any and all legally issued identity documents for all arrestees who will require a travel document for removal. All teams will make every legal effort to secure these documents prior to departing the arrest location. Obtaining these documents at the time of arrest will greatly decrease time spent in detention.
- c. Any arrests that require a Notice to Appear will be presented with the option of a Stipulated Removal to aid in the reduction of detention time, if deemed appropriate by supervisory personnel. To the extent possible, FODs will work with their OCC and EOIR to ensure their availability to approve stipulated removals during the operation.

FOTs will not *target* aliens outside the scope of (b)(7)(E) although other removable aliens falling within the January 25, 2017 Executive Order entitled, "Enhancing Public Safety in the Interior of the United States" may be arrested.

- d. Prosecutorial discretion in immigration enforcement matters must be exercised, consistent with all established guidelines with supervisory oversight, by ICE officers. This applies at all levels during the execution of the operation and could be applied during the pre-arrest, arrest, and custody phase. Nothing within this operation plan should be interpreted to supersede local management oversight and execution of prosecutorial discretion protocols.
- e. When appropriate, a form of alternative to detention may be utilized if authorized by supervisory personnel.

C) General Reporting Requirements

1. Daily Reports must be submitted to the NFOP via the HQERO, FUGOPS mailbox utilizing the HQ approved Daily Operation Report. Reports will be submitted once a day by 4:00 PM EST for the day's activities up to the time of submission of the report.
2. ALL EAGLE entries pursuant to this operation will use (b)(7)(E) in the operational dropdown on the initial event screen.
3. ALL Operations Management Module (OM2) entries pursuant to this operation will use (b)(7)(E) in the operational dropdown on the arrest screen.

Good morning all,

We will be conducting a Local (b)(7)(E) next month. The goal is to have a local operation quarterly, not counting the National (b)(7)(E). That being said, the goal date for this upcoming op is from Sunday, February 12th through Wednesday, the 15th (tentatively). This will be a "Public Safety" operation; we will be targeting crimes of violence cases (i.e. ADW, domestic violence, etc.). Each field team within LAFO will provide 15 targets for a total of 150 cases. Please pass down to your respective staff so they can begin working and inputting all targets on the attached spreadsheet.

Please have all teams submit their spreadsheets to the Fugitive Operation Tasking Unit, (b)(6);(b)(7)(C) for consolidation **NLT COB on Friday, February 3, 2017.**

Below are the teams I have participating:

All,

Update:

Operation is scheduled to end on February 10, 2017 (Subject to change). Two (2) hours of overtime per day has been approved. Please resubmit a revised list to me of all officers participating **NLT COB Thursday, February 2, 2017.**

Originally this operation was targeting all crimes of violence; if you have any cases that meet the new priorities set forth by the new Executive Order (E.O.), please submit. We still want to concentrate on the most egregious cases, aggravated felons, ADW, criminal reinstates, FO etc. We are shooting to have all target lists submitted for consolidation by **COB Wednesday, February 1, 2017.**

SDDOs, please ensure all cases are vetted/cleared by OCC if needed. Please reach out to VCAS for any possible 1326 case so they can get a head start on the process if arrested.

There will be a conference call with team leaders (SDDOs) will take place on Friday, February 3, 2017, at 0900 hours to discuss some of the finer details and information needed when reporting all arrests made.

Please let me know if you have any questions or concerns.

Good afternoon AFODs,

Please be advised, there has been a change of dates for the upcoming Local (b)(7)(E) that was originally scheduled to begin on February 12, 2017. We have been instructed by HQ to push the operation up a week to Monday, February 6, through Thursday, February 9, 2017. Los Angeles, Chicago and San Antonio will be the only Field Offices conducting this Cross Check operation.

Due to the time constraints we are now facing, please have your field teams stand down on any other enforcement actions for this week. We need all teams to concentrate on completing the target list and FOW's before the end of this week. Please ensure SDDOs are verifying that cases have been vetted/cleared by OCC if needed. I also need to know if the original officers/staff who volunteered, will still be participating?

In addition, we will be holding a conference call with all team leaders on Friday, February 3, 2017 (Time TBD).

Reminder: Please ensure all officers participating have attended Fourth Amendment training within the last six months. Below is the next Fourth Amendment training:

Location: **Los Angeles ERO Office** (b)(6);(b)(7)(C)
Date: Thursday, February 2nd
Start times: 0900 & 1400

Please let me know if you have any questions or concerns.

Thank you for your understanding and cooperation,
